# 15<sup>th</sup> Brno Neurosurgical Days

February 17 to 19, 2025

Brno, Hotel International Brno

[www.neurochirurgie-brno.cz](http://www.neurochirurgie-brno.cz)

*Dear friends,*

*For the fifteenth time, the Neurosurgical Department of the University Hospital Brno and the MU Faculty of Medicine is organizing the popular Brno Neurosurgery Days. We are planning a change for this year. The congress will not be held this November, but from February 17 to 19, 2025. It will not be two days, but three days, and it will not be in South Moravia, but in Brno at the BHotel International Brno. I will admit that only personal reasons lead me to this change. 2025 is the year in which I intend to take stock somewhat. Neurosurgery was and is one of the most important parts of my life. The Brno Neurosurgery Days 2025 are an excellent opportunity to meet again with many friends not only from the Czech Republic but also from abroad.*

*Due to the three-day format, topics will cover all areas of neurosurgery. We also want to pay attention to the newly developing concept of neurorehabilitation care in the Czech Republic. I believe that we will also reach out to other cooperating specialties such as adult and pediatric neurologists, radiologists, molecular biologists, oncologists and many others. A nurses section will also be part of the congress.*

*Dear friends, I look forward to meeting you in Brno in February 2025.*

*prof. Martin Smrčka, M.D., Ph.D., MBA*

*Chief of the Neurosurgical Department of the University Hospital Brno and MU Faculty of Medicine*

*Vice-president of the Czech Neurosurgical Society ČLS JEP*
